About us

Klarius Products is a leading European manufacturer of emission control products for cars and light commercial vehicles.

A dedication to manufacturing quality, combined with a flexible stock and logistics policy, plus a prolific new-to-range output sets us apart as a premier supplier to the automotive aftermarket.

We are customer focussed and service driven, taking every opportunity to understand our customers' businesses and what they require to increase their customer service and profitability. Ultimately we help to ensure the end user receives what they want from an availability, fit, quality and price perspective.

Klarius manufactures a range of quality replacement emission control products for the Aftermarket. Offering over 11,000 part references from stock, including; exhausts, catalytic converters, diesel particulate filters, product kits and mountings.
