Date Fitted:		Warranty or Faulty New Goods:			

**Part / Parts fitted (Exhausts, Catalytic Converter, DPF)**

Part Number			
Emboss Detail			

Please give a brief description of fault:	Photo:

**Important Conditions:**

All Claims for Warranty and faulty new goods must have a completed quality check form and suitable photos to aid the investigation process. Failure to do so may result in a delay or possible rejection to your claim.

Every product available in the Klarius emissions control range is covered by a 2 year or 24,000 miles (whichever comes first) warranty as standard.

DPF's are only covered for structural failure.

Please note that blocked DPF's are not covered under warranty - A blocked DPF is not a warranty as the problem originates upstream of the DPF.

Cat warranty returns for emissions failure must be accompanied by the emissions failure report, including the 4 gas test analysis report. All warranty claims must be returned to Klarius for investigation.
