Who Are We?

Klarius Products Ltd is proud to be the UK's largest manufacturer of aftermarket emissions control components, headquartered in Cheadle, Staffordshire. Our extensive range features over 11,000 premium-quality parts, all available with next-morning delivery to the majority of the UK.

This catalogue showcases our comprehensive selection of exhaust system repair solutions, including clamps, mountings, exhaust pipe sections, flexi-pipes, and more.

Every Klarius product is designed to meet or exceed the performance of original equipment (OE) parts, ensuring reliability and durability for a wide variety of vehicles.

From SUVs and sports cars to light commercial vehicles and classic models, Klarius caters to virtually every automotive need. Whatever the application, our commitment to quality and performance ensures the perfect repair solution will be available.

Quality Solutions

Our wide range of Exhaust System Repair Solutions have been carefully designed to help our emissions control components Fit First Time. From our various clamps, through to our flexi-pipes and replacement exhaust sections, all solutions are made to the highest quality standards. Matching OE specification ensures that repairs made with Klarius parts are longer-lasting and more reliable.

Made to OE specification

High-grade materials

Meticulous product design and testing

Type-approved where applicable

Always Available

We give our customers peace of mind by working with them to ensure stock is always readily available, allowing our distributors to provide a fast, same day service for garages when requesting popular parts. When a part is not available locally, next day delivery to factors, when ordered before 5:30pm, is in place to support a quick repair. For full transparency, our extensive warehousing can be accessed digitally, so customers can manage stock accurately.

Virtual warehousing

Next day delivery

In-house logistics

The Widest Range

Backing our quality parts and always available offering, is an enormous range of emissions control components, covering the most popular models, down to the niche classics. Every product in the range is complemented by bespoke mountings to support repairs. Our 11,000+ range of parts is constantly growing too, with over 300 new parts developed per year, our support for the UK and Continental European car parc is robust.

11,000+ parts range

We release new emissions control components monthly to fit millions of vehicles across Europe

Bespoke mountings for all parts in range
